Placing Your Order

- A customer service representative can help you place a special order. Call or stop in.
- To receive a 10% discount, all products (except wine) must be ordered in advance and in full cases. Wine may be purchased off the shelf and can be a combination or varieties. 12 bottles gets you a 10% discount.
- Sale items do not receive the 10% discount. Special order discounts do not stack with your Owner Sale Day discount.
- Sometimes we can special order products we don't carry in the store. We can't guarantee availability of such products, but we'll do our best!
- For frequently ordered items, ask about a Standing Special Order. Once created, standing orders can be activated by phone.

Picking Up Your Order

- We will call you when your order arrives.
- You have 30 days to pick up your order, with the exception of chill, bread, or frozen items which must be picked up within a week.
